YOU'RE ENGAGED?

HECK YEAH!

To know that you connect with my work and are considering inviting me to document your story is the biggest honor. So from the bottom of my heart, thank you.

Tear-stained cheeks and bellyaching laughs... yeah, I'll capture that. I take a more fly-on-the-wall (photojournalist) approach so I can focus on capturing the moments of your day exactly as it unfolds. I'm inspired by evocative emotion and love, first and foremost. Emphasizing a mixture of candids with artistic portraiture to capture that lightning in a bottle kind of magic, you'll be able to look back on your images and relive your wedding with a sense of nostalgia for years to come.

IS THIS YOU?

- ✦ You're not used to being in front of the camera and just the thought of it alone makes you feel squeamish
- ✦ You do know that you want some beautiful photos that look and feel natural, without any stiff posing
- ✦ You want your wedding day to feel more like a day-long party with your favorite people
- ✦ All you want to do is marry the love of your life, shake your booty with your best friends, and party!

LISTEN UP, FAMILIA. I GOTCHU!

I'm here to help you navigate the task of planning your wedding with personalized vendor recommendations, customized timelines, and killer tips based on years of shooting weddings all over the world.

On your wedding day I'll keep my eyes peeled, forever looking for all the details, any interactions, and that dreamy light for the perfect photos. I'll talk you through any awkwardness and get you moving so we can get those natural in-between moments too.

Here's what you need to know about me: I strive to bring a laid-back vibe on your wedding day and I'll be encouraging you to be present, enjoy the moment. Trust in me, trust that I'm going to capture the story of your wedding day from start to finish and most importantly... HAVE FUN!

IN A NUTSHELL

My favorite things are: listening to records in the evening / reading a good book and cuddling my dog Rupert / those warm summer nights spent outdoors stargazing and trying to find shooting stars / a mezcal old fashioned is my drink

I think you deserve damn good photos. So let me help you with that.

I just want to make stellar images for terrestrial beings. So on the next few pages, choose your constellation...

love, Marcela

"From the moment we first met Marcela we knew she was "our person." She is one of the the most genuine, down-to-earth humans I have ever met, and what an amazing talent! She is in love with love and it really shows in her work. On top of it she is very professional and communicative, and she was very understanding of our needs. Neither of us are super comfortable in front of the camera, but she made us feel like we had been doing this for a while all while laughing and having a good time. She is the best at capturing raw emotion and making people radiate from the inside out."

FREQUENT QUESTIONS

WHERE DO YOU CALL HOME?

Home is Portland in the state of Oregon, West Coast of the USA, Planet Earth.

DO YOU TRAVEL FOR WEDDINGS & OTHER SESSIONS?

Oh HELL yes, I do! I'd go anywhere in the world for love.

HOW MANY IMAGES CAN WE EXPECT?

For a full wedding day I say you can expect ~100 Images per hour of coverage (so 600 images for 6 hours, etc).

For an elopement, 150+

For an engagement session, 60+

CAN WE PROVIDE A SHOT LIST?

If I'm looking at (and thinking about) a shot list on the day of, it's going to distract from what's happening In front of me.

Don't worry, I'll capture all the details and moments.

WHAT'S YOUR PHOTOGRAPHY STYLE?

I pride myself on having vibrant, earthy and warm tones in my work. Between the fads of bright & airy or dark & moody, I'd say I'm somewhere happily in between.

My shooting style is more documentary based with artistic portraiture to create a well-balanced gallery that best tells the story of your wedding day.

HELP! WE FEEL SUPER AWKWARD IN FRONT OF THE CAMERA, WHAT DO WE DO?

Listen, I GET IT! Having your photo taken is super weird and uncomfortable! But don't fret, if you need a little liquid courage (booze) to help you get through the session, please throw back your drink of choice. Don't let your anxieties get the best of you, we're here to just have some fun and get some dope photos out of it. 95% of my clients said the same thing, so you're in good hands ;)

DO WE NEED A SECOND SHOOTER?

I would only recommend a second photographer for big weddings of 150+ guests or if you and your partner are getting ready in distant locations.

HOW FAR IN ADVANCE SHOULD WE BOOK?

Anywhere between 8-18 months is ideal! Yeah, we wedding photographers book out roughly a year in advance. But it never hurts to reach out and ask!

WHEN CAN WE EXPECT TO GET OUR IMAGES?

I know you're super excited to see your images... and I'm just as excited to share them with you! Weddings are delivered within 10-12 weeks and portrait sessions are delivered within 4 weeks.

DO YOU SHOOT VIDEO?

I'm afraid not, photo is my main focus. But if you're looking for a videographer just let me know and I can send you a list of my favorite videographers that I've worked with!

CAN WE BRING OUR DOGS/ANIMALS?

Absolutely, YES! Please bring your pets!

HOW CAN WE BOOK YOU?

I just need a signed contract with a 30% retainer fee to officially hold your date!
